### Deep Thoughts

Words to Live By. . . .

- If you're too open-minded, your brains will fall out.
- Don't worry about what people think; they don't do it very often.

**Kiwanis**  
**Young Children**  
Priority One

- Going to a church doesn't make you a Christian any more than standing in a garage makes you a car.
- It isn't the jeans that make your butt look fat.
- Artificial intelligence is no match for natural stupidity.
- My idea of housework is to sweep the room with a glance.
- Not one shred of evidence supports the notion that life is serious.
- It is easier to get forgiveness than permission.
